

Ben Guo

✉ junbinbenguo@gmail.com 📞 6262395477 📍 2750 Doresta Road, 91108 San Marino

Education

Sophomore
University of California, Los Angeles
Majoring in Computer Science

Employment

Software Engineer Intern Jul 2022 – Sep 2022
Yami

Created a demographics database for the total population & Asian percentage of all US cities and colleges and built a web app that hosts the collected information and allows users to access it.

Languages / Frameworks Used:
MySQL: DB, Angular: Front-end, Java+Spring: Back-end, Python: Web crawling

Experiences

Caltech STEM Research Program 2020
Partnered with Dr. Babak Hassibi from Caltech to research Machine Learning – specifically, semi-crowdsourced clustering and algorithms.

TitanHacks 2020
Organized and Co-Founded TitanHacks, a hackathon hosted in Los Angeles. Over 300 high school students from LA and beyond participated online over a weekend and teamed up to build apps, games, and websites.

UPenn ESAP Jul 2020
Participated in UPenn's 2020 Summer ESAP program. Designed a COVID-19 SEIRD model with my research group using Matlab.

Stanford Pre-Collegiate Studies Jun 2020
Participated in Stanford's 2020 Summer Pre-Collegiate Studies program. Individually designed a COVID-19 data tracker for all countries using RStudio.

Relevant Coursework

CS 31 + 32: Object Oriented Programming with C++
CS 33: Machine Language & Introduction to Computer Organization
Math 32 + 33: Multivariable Calculus and Linear Algebra
